

# OPEN HOUSE

DECEMBER 6 // 3-6:30PM

The Career Development Center would like to welcome all high school students and their families to learn more about the newly developed Advanced Manufacturing Academy, launching in the Fall of 2019.

**Pathways include – Electronics, Optics, Machining and Welding.**

## HANDS-ON LEARNING

Students in the Advanced Manufacturing Academy will be introduced to the field of manufacturing through experiential classroom activities, industry certifications and work-based learning.

## TECHNOLOGY

Technology provides the tools that enable production of all manufactured goods. These master tools of industry magnify the effort of individual workers and give an industrial nation the power to turn raw materials into the affordable, quality goods essential to today's society.

## INDUSTRY PARTNERS

St. Vrain and the Advanced Manufacturing Academy continue to collaborate with industry partners to offer on-site tours and expertise in the classroom – expanding upon real-world experiences.

## CAREER READINESS

Following graduation, students will be prepared for entry-level employment and post-secondary continuation in the manufacturing industry. Employment possibilities include electronics, optics, oil and gas, medical and aerospace. Salaries range from \$28,000 at the entry level to \$67,000+.

# OPEN HOUSE

DECEMBER 6 @ 3PM

# Career Development Center

1200 S. Sunset St. | 303 -772-3333 | cdc.svvsd.org

## Career Pathways Offered:

- Advanced Manufacturing (Opening Fall 2019)
- Agriscience
- Automotive Technology\*
- Engineering Technology and Machining
- Health Sciences\*
- Interactive Media Technology
- Prostart
- Welding Fabrication Technology\*

\*Courses with concurrent enrollment opportunities. See all course offerings at:
